

A guide to costs

Every wedding is different but the information here will help give you an idea of what Tresanton can offer you and what the costs might be.

The Cinema and Bar lounge are licensed for civil ceremonies. The private hire fees are between £500 and £2000, dependant on the size of your wedding and time of year. The fee includes the use of the ceremony room and use of the private Nook terrace or Bar lounge along with the Cinema room for the wedding breakfast. The Registrar has their own separate charges.

Exclusive use of the hotel is available for £3-5000 per night, plus the cost of accommodation, food and drink. There is a minimum stay requirement of two nights at weekends. The hotel is available for exclusive use from Septemeber until April and has 30 bedrooms.

We can seat up to 50 people in the Cinema for a sit down meal or 70 people in the restaurant if the hotel is taken exclusively.

Canapes and dinner are from £80 per person. Champagne is from £60 per bottle and house wines are from £24 per bottle. We estimate a half bottle of champagne per person and the same again for wine.

Exclusive use wedding
