WELCOME TO  
**A WEDDING VENUE  
LIKE NO OTHER**

Congratulations on your engagement from the team at Victoria Warehouse.

We are a completely unique and entirely innovative event space in the heart of Manchester. With exposed walls, stone floors and a raw urban backdrop; the simplicity of our venue provides a stunning setting for your wedding day.

Built in the early 1900s as predominantly a cotton storage facility, our warehouse buildings have stood as a symbol of this city's industrial strength and innovation for around 100 years. Since then, careful renovations have made it a venue to capture the imagination and create a surprisingly romantic backdrop for many couples.

Here at Victoria Warehouse we realise every wedding is unique, and whether you plan a traditional format to the day or a more personal celebration; our dedicated wedding team will work closely with you to ensure your special day runs to perfection.

## THE BAYS

The architecture of the Bays offers both a wonderful acoustic and an intimate setting steeped in history. The industrial pillars and original brickwork have been lovingly restored to reveal a striking backdrop across two rooms; ideal for both traditional and contemporary celebrations. You really couldn't get married anywhere more unusual and atmospheric.
