# Hella

"First of all, Congratulations on your engagement and upcoming wedding. This is a very special time and we hope it's a happy, relaxed and fun one too.

My name is Pedro Ramos and I am the Owner and Director of Pedz Photography, a Professional Photography and Cinematography Business in London. My wife and I, run this family business and we aim to give every couple a personal and unique, yet professional service.

We adore weddings. It's always such an honour to be part of a couples special day and to share in capturing their intimate and precious moments. We want to help make your day perfect and one to remember. We create images and videos that highlight the absolute best and most memorable moments of your wedding day. We will not invade, disrupt or take over on your day, but we will honour and respectfully fade into the background, to help make you and everyone at your wedding feel comfortable and confident.

As a Master Photographer, I care about quality and I strive for perfection. We have recently been awarded 9 'Highly Commended' Awards for our photos and have been featured in "UnderPinned" magazine.

We work hard to ensure that we produce photos and videos, which all of our clients are delighted by and proud of. Editing is an important part of our finished work. We want all our photographs to be the best they can be. Our clients mean the world to us, and we value each and every one of them.

Nothing is too much for us. Please have a look through our brochure and feel free to contact us with any questions or queries regarding availability. We are here to help. We look forward to hearing from you soon."

- Pedro Ramos LMPA LBIPP

*"Magical Experience with Pedro and His team. Made us feel completely at ease and reassured from the first meeting. The photos and movies they produced were well beyond what we expected."*

Ask us for more details.

**£4000, all in.**

*"Great person to work with! Friendly and professional. Pedro makes sure that you're comfortable with his work and does amazing post editing that really makes it all stand out!"*

# FAQs

## Who is going to take my photos/video?

I am, Pedro. I wouldn't want anyone else. I will always be the primary photographer and videographer on every shoot for every wedding. I love it and I always want to make sure that you receive your photographs and videos to the highest standard possible.

## What happens if Pedro is ill?

I have never missed a wedding, but I'm only human and things do happen. I will always do my utmost to be at every wedding, however if there is a problem, my wife or one of my trusty professional partner photographers will intervene. I have a network of photographers and videographers who I trust to step in and deliver if something happens to me.

## Do you have insurance?

Yes. I have Public Liability and Professional Indemnity Insurance. On every wedding, I always take spare gear to ensure that if something does go wrong, it will never affect you on your wedding day. I always take your photos on a number of different memory cards, as well as back up all my files to ensure that no images are lost.

## How long will it take for me to receive my photos/video?

Depending on whether it's a busy season or not, we will aim to deliver your images/video within 3-7 weeks. We know you'll be keen to get your photos/video as soon as possible, so if we can we will try to get them to you even sooner .

## What type of finishing touches do you do?

As a Master Photographer, I'm experienced in editing great photos to make them even better. I can smooth out lines/wrinkles, take out any unwanted moles/lumps or bumps and make any accidental stains or wardrobe malfunctions disappear. I can change the lighting, make photos black and white and so much more. Talk to us and we will do what we can, to make your favourite wedding photos absolutely perfect.

## How do I book you?

Brilliant! We would love to cover your wedding. Contact us directly to discuss availability and your requirements. We take a 25% deposit upfront with a 7 day cooling off period, if you change your mind. For all our company terms and conditions, please go to our website, [www.pedzphotography.com](http://www.pedzphotography.com).

Fiona Jones

Thank you. We look forward to hearing from you soon.
