# Welcome

Hello! And thanks for downloading our brochure.  
We are Matt & John and would like to give you  
a brief insight into our wedding photography.

With our approach you always get two  
photographers, blending experience  
with modern techniques.

Our style is to provide you with bright and vibrant photos.

As your photographers we will be with you most of the  
day (we've been described as  
"the glue which holds your day together...")  
and we want you to be as relaxed and  
comfortable with us as possible, so please feel free to  
call us and discuss your specific requirements.

# Our Approach

Our unique approach means you always get 2 photographers. Allowing us to include shots other photographers do not get - a mix of formal shots and candid.

At awaken Images we recognise all couples are different. We are not rigid in our approach and will tailor our services to suit you, so that we capture memories which will last a lifetime, from your special day.

We feel really privileged to be invited to share your special day with you. We try to be as unobtrusive as possible (until it comes to rounding up the family for the formal shots of course!) We also invite you to have a pre wedding meeting with us, have a drink or coffee and get to know us, whilst we plan and discuss your special day.

Book us as your photographers and you can relax and enjoy the day, safe in the knowledge that we will capture those special moments which you can look back on again and again.

On your wedding day we encourage you to take at least half an hour out – to escape, to realise you really are married and to have some time together. At the same time we will take some photos. We will give you some direction for some shots, but most importantly allow you time for some much needed champagne.

# Half Day Package

Half Day Package £745

# Photo Booth

Who doesn't love a photo Booth?

We use our portable pop up photo studio which serves as both a "photo booth" and also a professional studio allowing you to get great formal photos of your loved ones. But if you want to have some fun you can instantly grab some of our many props, let your hair down and have some fun with photo booth style photos!

Our pop up studio is ideal for groups up to 5. We have various props including wigs, hats, inflatables and animal faces to name just a few.

Great fun after a few drinks and to get you in the party mood!

## Package One £125

With this package you will be able to see all the images on our online gallery and be able to select 25 of your favourites from the photo studio to add to your USB. Guests will also be able to purchase their images online.

## Package Two £275

With this package you will be able to see all the images on our online gallery and guests will be able to select unlimited downloads of any images they wish. All images from the photo studio will be included on your USB.

# Drone Photos

Looking For Something Different?  
We now offer drone photography with our wedding packages!  
Drone photography has created a new and unique way  
to photograph your wedding.  
This can be added to both our half or full day packages.

At £125 We will capture images of your venue. Along with a group shot so  
you have a record of who attended your wedding.  
One 5x7 print is included.  
Along with 5 Images on your USB.

Drone photos are subject to approval from venues, location & weather.

# Albums

Although we are photographers, not album salesmen, we recognise many brides (and their parents) like to have an album as a keep sake. If you want to organise this yourself then you are welcome to do so. But if you would like us to design and order this on your behalf, we are equally happy to do so.

Our albums are hand made to order by our suppliers in Switzerland who do an exceptional job with their finish and quality, which is why we use no one else. Our albums are proofed before printing and will not be printed until you are 100% happy to proceed.

The A3 lay-flat albums come in a range of colours and finishes. The A3 albums will take 100-150 images from your day. Also available are our smaller A4 lay flat photobooks. These are ideal if you are looking to save space or for parents to have as a momento of your special day.

Prices for the A3 lay flat album start at £250.  
With prices for the A4 photobook start at £100.

## Covers

You can choose a fully custom printed cover with photos and text from your day. Alternatively there are both linen and leather covers giving a timeless feel.

## Finish

Our layflat photo albums are developed on archival quality real Kodak photo paper which provides an incomparable high resolution and colour to your photos.
