Hill Farm—Little Massingham

As the Venue Manager and Events Organiser, we have extensive experience in the events industry we can make sure your event is not forgotten when set out in the grounds of Hill Farm. Surrounded by several different breeds of deer and an abundance of resident wildlife, which freely walk up to you for petting your event will be surely spoken about for months ahead. Coming from arable and dairy farming families, the countryside and rural life are a major influence on our Venue Owners Hugh & Heidi. It is no longer a working farm and with a family B&B on-site, this is the perfect location for that special and memorable event.

Hill Farm is a truly magical spot and has been the family home for the last 16 years. Restoring the traditional brick and flint Georgian farmhouse and converting the extensive cattle crew yards into luxury 5* accommodation has become a life-long project. Many original features have been carefully kept or restored. All the flints needed, and some timber have been sourced from the site itself. We like to think we have created accommodation that is authentic, characterful and yet with all the mod-coms that help life run smoothly, such as intelligent lighting, under-floor heating and Wi-Fi.

With plenty more to offer to make sure you relax for your perfect Long or Short Stay Event, our in-door swimming pool and sauna will be sure to get you stress free. All our Events are looked after by myself as your Exclusive Event Planner, I will build your perfect package on location and coordinate the entire special occasion whilst keeping you fully informed along the process.

Hugh and Heidi are Beekeepers and immensely proud of their incredible honey and biproducts. Our pollinating friends are spoilt for choice with an abundance of varied trees in the arboretum, flowers and lavender in the pretty walled garden and flora in our wildflower meadow. Though we are not licensed we can hold blessings on-site in our beautiful Walled Garden, especially in the summertime with plenty of flowers blossoming your guests will be welcomed with the beautiful scents.

We have our local village church St Andrews, which is also just as beautiful for you to Marry in. With a short distance to travel to our luxurious location, you have all you need in one area. Full exclusive use of the grounds, throughout your stay we can confidently say you will not be disappointed and will always look forward to your return.

Piggyback Barns—Sculthorpe

Piggyback Barns offers a red brick converted barn with superb settings for weddings along with three converted red brick accommodation barns. Set on 500 acres of a private estate you can be sure your picture opportunities are going to be exceptional. With its very own on-site Catering Kitchen (Fully Equipped), Drinks Fridge and Toilet Facilities, nothing can be missed that all your guests will not love.

As the Event's Organiser for Piggyback Barns, which is run by a local family Tony & Lizzie Pointer. With its beautiful setting and vast picturesque views, we are ready to help you with anything you may require assistance with.

Situated in the stunning Norfolk countryside on 500 acres of land, 100 acres of which is woodland, the owners consider themselves extremely fortunate. The farm is home to a myriad of different species of birds and fascinating wildlife which is on display every time you venture out. Taking a quiet seat at one of the first-floor balconies is also a great idea for the wildlife fans among you.

An ancient moat and grassed pathways provide the opportunity to take relaxing walks and comes highly recommended and encouraged by the owners. The pathways on the land are signposted for all to enjoy and guests can enjoy a break with benches at many of the ponds situated around the farmland.

Although we are not licensed, we are more than happy to host your blessing on-site amongst our beautiful Moat as your perfect backdrop. Looking for more of a religious ceremony, the local church is a 2-minute walk from the barns, ideal for all those looking to hold their wedding ceremony in this stunning location.

As the ideal package and your in-house Event Organiser, I supply all the extras you need to make your event spectacular. Just look through the services we offer, build your very own unique package and leave me to do the rest. Without a hiccup in site, all you will need to do is be ready to get to that alter! Working closely with you, you will be as involved in your event as much or as little as you could possibly wish for.
