

DONT JUST TAKE OUR WORD FOR IT...

COMMENTS FROM OUR RECENT BRIDAL CLIENTS

"Thank you so much for the excellent food that you provided at our wedding. Our guests absolutely loved the potatoes and the large variety of toppings you provided. Your skill in setting up and delivering in time meant that everything went smoothly. We would definitely recommend you to anyone considering something outside the traditional - in fact we already have! Thank you again"
Andrew & Michelle - Northants

"Everyone that I have spoken to really liked the food and thought that it was a great idea and the selection of toppings was great and everyone enjoyed getting to take their pick.

It also meant that we were able to cater for different dietary requirements, such as vegetarian or gluten-free, very easily which was one less thing for us to have to worry about and made things much easier for us.

Plus you and Sam were brilliant and very friendly and offered a fantastic and professional service.

Thanks again for all your help on our wedding day and adding to the occasion"
