## HAPPY ENGAGEMENTS

"We really enjoyed the day even though both of us aren't confident in front of the camera and you all made us feel so comfortable".

Joe, 30th November 2017

## REAL WEDDING STORIES

"I did my wedding with Sam and Oscar and I only have amazing words to describe them! They pay attention to every detail and catch all the story and feelings of our special day! I would recommend them to everyone. Thank you guys for all your hard work and the amazing results"

Anna, 1st August 2016

## READY TO BOOK YOUR WEDDING PHOTOGRAPHY?

Let's chat a little bit longer about your wedding day through the phone, a meeting or a video conference. If you are happy to get on board, we'll send you our service Agreement and collect the booking fee, £50.

## YOUR ENGAGEMENT

From 8 to 4 months in advance, we'll shoot your engagement portraits. It's the perfect opportunity to spend time together as your photographers before your wedding day!

## ABOUT YOUR WEDDING DAY

Around a month before your wedding, we'll collect all your wedding specs: the timetable, key people names, and your formal portraits list. It will help us to create a shooting plan just for your needs.

## IN YOUR WEDDING DAY

Both of us will split as a duo: Sam will focus on the bride and Oscar on the groom, we'll capture both of you independently and together throughout the day.

## OUR STYLE

We'll create for you a reportage of your day that captures the key moments in the ceremony, speeches, wedding breakfast, reception, dancing, and anything else in between!

## AFTER YOUR WEDDING

And when you return to normality, we'll process all your photographs and send you a sneak peek. We'll set up an online gallery where you can share your photos with family and friends. You'll receive all your beautifully edited pictures in a USB keepsake box or case. For an extra, we can create a beautiful bespoke fine art album sizes 10x10 inches or 12x12 inches

"The team at OWO Studio are Sam and Oscar and these two are all about telling your story through their photography. These two always work as a duo which they find gives them an edge that solo photographers don't have. They're able to capture moments from multiple angles and if one of them misses something, the other will be sure to capture it. They favour a documentary style of photography, meaning all of your natural moments throughout the day will be immortalised. Their style is full of love and joy. You'll love their easy style and work ethic."
