

1
Decide on the best position for the 2 pieces of the trainloop

2
You will put the 'hook at the bottom and the 'eye at the top

3
Push each pin gently through all of the longest layers of the train

4
Put one of the washers on the pin if your fabrics are fine eg chiffon or lace

Trainloop 'How To'

5
Secure with the clutch back. Squeeze it gently to put on or remove

6
Bring the 2 pieces together by sliding the hook over the eye

7
The hook will drop into place

8
You can now hook up your train and release back down with ease
