About Us

MJP Events was established in 2011 by Jeanette Spencer, who is a Certified International Event and Wedding Planning Professional (IEWP) and who is also certified in Event Design & Décor (IEDP). MJP Events specialise in planning events and weddings within the UK and also work with clients wishing to marry in the Caribbean.

We are a professional and dedicated team of event consultants that are happy to assist and work with you through each stage of planning your event, making sure the execution of your event is flawless whilst running as smoothly as possible. We actively focus on giving you the special day you've been dreaming about, saving you both time and money during the process.

We are always willing to go the extra mile for our clients.

We have very close relationships with venues, vendors and suppliers worldwide and can negotiate the best rates for your requirements, making sure that your event is a complete and total success.

We can take care of as much or as little of the planning as you like and have the expertise to give you guidance and advice on issues you may not know much about.

We organise children's parties, milestone parties, weddings and christenings which may include catering, flowers, cakes, music, entertainment, photography and any other special touches you may have in mind.

We offer a diverse range of expertise and services which are able to offer our clients including:

Wedding & Event Planning, Corporate Event Planning, Religious Ceremonies, Party Supply Hire Items, Event Decor & Design

Event Décor & Design

We have a wide range of items which are available on a hire basis, which can be set up either on a DIY or venue dressing service. We provide decorations, accessories, lighting, china, linens and tableware for weddings, as well as essential extras such as backdrops and vases, flowers and table centre pieces. For a detailed list of our hire items please look at our HIRE page. If there is something you require which is not displayed on our website then drop us a line as we supply a huge variety of items.

We will help you design the look and feel of the venue with initial consultations, talking you through the options and ensuring your venue matches the overall theme of your wedding. We'll be there on the day, bright and early to get everything set up and ready in plenty of time, so you'll have nothing to worry about. We know how important this day is to you, and we pride ourselves on our reliability.

Our prices are highly competitive, and we also provide cost effective venue dressing packages which you may find easier than sourcing different elements from various suppliers.

DÉCOR PACKAGES

We have 3 décor packages available. Our packages are generally based on 100-250 people. Packages can cater to smaller or larger numbers but will be charged accordingly. We also offer bespoke décor packages. Please contact us for more details.
