CHOOSE YOUR PACKAGE

My packages cover key events and are not fixed by hours. I don't put time limits on your day. I keep it simple with two packages – “Beginning to End” and “The Main Event”. Both packages include:

- A meeting before your wedding to discuss your day and any ideas you may have.
- Shots taken on the day include group shots, couple shots and candid.
- All images are fully edited and are available for your personal use.
- A memory stick with your images on for you to print from and share with friends and family. The memory stick is supplied in a personalised presentation case.
- Your images will also be available on my website through your own page which is password protected. From here you can download free full resolution images.

FROM BEGINNING TO END

This package covers the full day, from the Bride's preparations right through to your first dance together. If you also want to go to a different location between the ceremony and reception then this is covered also.

THE MAIN EVENT

This is our half day package. It starts with the ceremony, usually from the time the Groom is due to attend. It ends with your speeches if these are before your meal (which is usually the case).

CONTACT US

If you would like to book or have any questions please get in touch and we can arrange a pre wedding consultation where you can view sample albums and discuss your big day.

To confirm your booking we require a signed contract and £100.00 deposit.
