Your Bar Hire

A guide to our mobile bar hire services

What type of bar do you need?

From horse box bars, barrel bars and popup pallet bars we have them all. Which would suit your special event?

What format of bar is right for me?

Looking to provide complimentary drinks? a host bar is perfect. If you'd like guests purchase their own drinks, a cash bar is the best choice.

How much will it cost?

Booking fees are nice and low, a small fee to hold the date is all that is required. If you add extra drink packages for things such as arrival drinks, these are charged 30 days before the event

Do I need any additional packages?

They're all optional, add on packages are useful at some events such as weddings, where you may want to provide drinks when the bar isn't in use, such as arrival drinks or wine for the table and toasting.
