Photo & GIF Booths

We create amazing and unique photo experiences. Our photo booths and GIF booths are entertaining, look great and leave you and your guests with some fantastic memories. Everything about our booths is unique from the custom made backdrops and print out designs to the unusual props we provide.

PROP Photo Booth

The PROP Photo Booth is an open plan photography booth, which not only takes great photos, but looks good too (the flattering ring light makes everyone look beautiful!).

It can be set up in any environment, and because it is open plan, it fits in as many people as you can cram in front of the lens!

PROP GIF Booth

Our GIF Booth is addictive fun for your guests and produces some hilarious clips for you to share on social media during or after your event. We can even print out the GIF photos so the guests can take them home! You can choose between a standard GIF or a Boomerang.

Back drops

We have a range of back drops that are included in the cost of the booth - stripes, block colours, sequins and colourful fabrics.

Extras:

Artificial flower walls or foil balloons: £50
Branded back drops from: £100

Got something else in mind?

We work with local florists - ask us about fresh flower backdrops! Custom backdrops start from £50.

Props

We have a large selection of props to go with your photo or GIF booth. All booths come with a standard pack of moustaches, fun glasses and chalk boards.

Extras:

Mad Hatters Tea Party set: £30
Vintage British set: £30
Mexican set: £30
Seaside set: £30
Custom printed speech bubbles: £30
Event branded signs: £30
