

Our Wedding Planters

Guaranteed to make a statement at a wedding, our powder-coated metal planters offer you a unique way to decorate any style of venue and ceremony.

Exclusively available from The Plant Pot Shop, we manufacture a range of 'Mr & Mrs' planters which you can sell on to your clients or use to hire out.

We also make **personalised planters** using our templates or using the wedding logos of your clients. A personalised planter gives your clients a memorable souvenir of the wonderful day that you're helping them to create.

Please contact us to discuss any artwork requirements you may have.

These beautiful planters look stunning on church steps, at the entrance to wedding marquees and at reception venues. They also make great signposts to help guests with directions. They can be filled with real or artificial plants and trees.

The planters come in a standard size of 40cm³ in white. However, other sizes and colours can be manufactured upon request.
